If you're interested in becoming a Chapter Leader here's what you need to know:

WHAT IS A ROLE OF A CHAPTER LEADER?

The Chapter Leader's role is to facilitate the activities of the local chapter including organizing networking meetings, workshops, seminars and classes to raise awareness, seed and encourage the conversations and connections between and amongst the members of the organization and community.

He | She is responsible for creating a professional and supportive and empowering environment for the membership to connect with each other, learn new skills and strive for success and cohesion for any fundraising.

He | She is also the conduit of information between the membership and HQ, the point person between the local chapter and the social & business community and the point of contact for the local press. Many times this person serves as the President of their local Chapter

I AM NOT A TECHNICAL PERSON... DO I QUALIFY TO BE A CHAPTER LEADER?

My Charity4Kids needs just that, a leader.

- He | She does not need to have technical background or technical expertise.
- He | She is looked upon as leader in the community and someone who can get things done.
- He | She becomes the "go to" person and can usually problem solve and facilitate connections for the members. There is no age discrimination.

MyCharity4Kids International (HQ) will provide almost all of the technology necessary to run and manage a chapter with suggestions on how to market and event or fundraiser.

WHAT ARE THE CHARACTERISTICS OF A SUCCESSFUL CHAPTER LEADER?

Successful Chapter Leaders are those who have a strong work ethic for the cause and work hard on developing skills to:

- Work to grow Membership or work with other members to create an informed, supportive and empowering community
- Organize events, including, fundraisers, meetings or classes, on a small or large scale
- Practice diplomacy with others and work to maintain respect and integrity
- Delegate tasks so that other students, such as steering committee members, can make their valuable contributions to the group.
- Develop and communicate a strong vision and goals for the chapter she represents
- Help develop the next Chapter Leader and/or successful candidates who will later take on this important role to help move the chapter forward

Although there are no professional minimum qualifications, we look for the kinds of background experience that would be beneficial to a leader

WHAT ARE THE BENEFITS OF BEING A CHAPTER LEADER?

A Chapter Leader can raise his/her profile and gain some real prominence in her community. A lot of opportunities will flow to her as she becomes the "go to" person.

- The membership comes to Him | Her for advice and contacts, the business community will approach Him | Her with strategic alliances and business opportunities and the press will come to her for interviews, for story ideas and for people to interview.
- She becomes a resource. The more people who know who you are, the better the chances are that they will think of you when there is an opportunity.

CHAPTER LEADERS ARE THREE THINGS:

He | She is the conduit of information between MyCharity4Kids HQ and the local membership.

He | She is the point of contact between the chapter and the local business community, classroom, Service organization and/or child groups; Cub Scouts, Girl Scouts, Baseball Team.

He | She is the point person to the press for local chapter.

Although there are no professional minimum qualifications, we look for the kinds of background experience that would be beneficial to a leader.
